Founded in 1996

Manufacturing attachments
since 2008

More than 50000 attachments
delivered

Localised in Poland, 120 km
from Warsaw capital & air-
port

Focus on quality & customer
service

Automatic hydraulic quick-hitches

- **Pin-grabber quick-hitches with Variable Pin Centre** adhering to EU Machinery Directive: up to 120mm pin,
- **CW compatible:** CW00 - CW55,
- **S standard ready:** S30 - S90,
- **MS compatible:** MS01 - MS21 ,
- **Safety features** (double profiled front hook, visual indicator of engagement, rear mechanical pin lock, front mechanical pin lock, hydraulic check valve etc),
- Optional **lifting hook**

Tilt-motor quick-couplers

- Up to 180 degrees tilt
- All couplers (mechanical & hydraulic) available with tilt motor
- All safety features from standard automatic models
- Lightweight but strong construction
- **Smart hydraulic line placement**
- **Lifting hook** as option

Mini-tilt couplers

- Simple & strong construction
- **Easy to service**
- **75 degree tilt in total**
- **Available for excavators up to 3.5 tons operating weight**
- **Direct fit coupler (factory bracket) or one of many systems like Open-S, CW, MS, etc**
- Retains high breakout force

Pin-grab quick-couplers - FACTORY BRACKETS PICK-UP

- Perfect for factory **OEM brackets**
- **Connect with most brackets with two pins**
- **Automatic**, manual, **swiveling/tilting** options available
- **Safety features** (pilot operated check valve)
- **Lifting hook** option
- In line with all European Directives like the Machinery Directive and other norms

2 - 50 t **QC** HYDRAULIC QUICK-COUPERS

MS, S-System, CW, pin-grabber, and other quick-coupler systems are available in both manual and hydraulic automatic versions.

2 - 23 t **QCU** TILT-MOTOR HYDRAULIC QUICK-COUPERS

Quick-couplers of any type featuring a tilt-motor for swiveling capability.

10 - 50 t **DBF** DIGGING BUCKETS FOR QUICK-COUPLER

The DBF enhances excavation efficiency for 10-50 ton machines. It ensures optimal compatibility with various quick-coupler systems and delivers superior digging performance across diverse soil conditions.

10 - 40 t **GDH** GRADING & HYDRAULIC-TILT BUCKETS

Combining precision with power, Grading & Hydraulic-Tilt Buckets offer superior control for fine-tuning slopes and achieving perfect finishes on uneven terrain.

10 - 50 t **DB** HEAVY-DUTY & ROCK BUCKETS

The classic digging bucket gets the job done – powerful excavation for most materials, with a rock version available for tougher terrain.

10 - 45 t **DCB** GRADING BUCKETS ROUND PROFILE

The DCB features a curved design that optimizes material flow, ensuring clean results and streamlined workflows on any grading or ditching project.

2 - 75 t **RIP** EXCAVATOR RIPPER TOOTH WITH PROTECTOR

Designed for superior ripping force, the single shank tackles tough soil, rock, and frozen ground efficiently.

12 - 40 t **MR** EXCAVATOR HEAVY-DUTY MULTI-RIPPER

Multi Ripper allows for simultaneous penetration at multiple points, significantly increasing productivity in breaking and loosening compacted materials.

12 - 40 t **DSX** SEVERE-DUTY NORDIC DIGGING BUCKETS

Nordic deep digging buckets are excavator attachments built for tough jobs and reaching maximum depths, especially in challenging soil conditions.

2 - 40 t **PS** SCANDINAVIAN GRADING BUCKETS (TILTING)

Scandinavian grading buckets offer superior control and a profiled design for precise leveling and finishing work.

2 - 35 t **CB** GENERAL PURPOSE LOADER BUCKETS

The CB Hydraulic Clamp Bucket. Grab, Sort & Transport with Ease. Double pilot check valve ensures work-holding & safety.

12 - 55 t **SDB** HEAVY-DUTY SKELETON BUCKETS

The SDB enhances material separation. Its interlocking ribs efficiently sort and sift various materials.

2 - 40 t **AC** EXCAVATOR ASPHALT/TARMAC CUTTER

Tackle road repairs, utility trenches, & more with clean cuts from a robust steel disc. Available in symmetrical & asymmetrical disc configurations.

2 - 30 t **GRB** GRADING BEAMS FOR EXCAVATORS

Attach a Grading Bar to your excavator for efficient and accurate leveling of large areas, creating a smooth, even finish for driveways, roads, and building sites.

2 - 30 t **FGP** GENERAL PURPOSE LOADER BUCKETS

The workhorse of wheel loader attachments, FGP general purpose buckets handle a variety of loose materials for efficient loading and stockpiling.

2 - 20 t **FLB** HEAVY-DUTY SKELETON BUCKETS

A front grading bucket transforms your loader into a leveling pro, ideal for precise groundwork and maintaining smooth surfaces.
